PUBLIC COMMENT: None

OLD BUSINESS: None

NEW BUSINESS:

1. Budget Discussion – Mrs. Zimmerman provided a draft budget for 2027 which includes a real estate tax increase and implementing a new fire tax. Mrs. Zimmerman noted discussions were held with each individual supervisor, and we have several items to discuss.
    a. Update to the fuel system for access by the fire companies – this cost was estimated at $15,000. The Board needs more information from the fire companies to see if it's worth the cost.
    b. PFAS Water Testing – The riverkeeper will continue with the process of acquiring samples from properties and forwarding them to Cyclopure to conduct testing. The Board agreed to open the testing to all residents. The expense of the testing will come from the Host Solid Waste Fund. The Board would like to know the timing process from start to finish.
    c. Red Lion Ambulance Association – The Board questioned why they service our township. Mrs. Zimmerman will contact them for information.
    d. Brush Drop Off – Do we want to reduce to twice a year or stay with current service schedule. With the proposed tax increase, they wanted to maintain the current services for the residents.
    e. Recreation Authority – Mrs. Zimmerman noted she emailed Jessica to request a copy of their budget and find out if they were planning to raise their per capita fee to $7.00. Supervisor Strayer noted he was told they were not expecting to raise the per capita fee for 2027.
    f. New Police Vehicle – Chief had requested 2 new police vehicles. After discussion, they agreed to 1 new police vehicle for 2027.

g. PD Lockers - at this time the Board is not interested in purchasing lockers.
h. New Tasers – The current tasers are 15 yrs old and are obsolete. This new program will cost $60,000 over the next 5 years. This program will include the hardware, training and a 5-year warranty. The Board wanted more information on the use of the tasers. How many times have they deployed them over the course of the years?
